Lesbian, Gay, Bisexual, Transgender, Questioning (LGBTQ)
Training and Technical Assistance
Request for Proposal (RFP) 06-55047
(Released February 17, 2006)**

**Final Questions and Answers

Q. Is this RFP strictly for LGBT or can we use U/U Cambodians or U/U Latino youth?

A. The recently released RFP will provide Technical Assistance and Training through the successful contractor to the 94 DV shelter agencies related to providing services to the LGBTQ population.

Q. Is this U/U proposal ONLY for serving the LGBTQ population or does it also cover other U/Us? If ONLY covering LGBTQ, how are people getting the information from a client as to their membership in that population? (For example, we do NOT specifically ask a client if they are in a same-sex relationship. Only when the client self-discloses do we collect that data. I think the other agencies are doing the same.)

A. The recently released RFP is only for Technical Assistance and Training related to serving the LGBTQ population. A needs assessment will be conducted at all 94 DV shelter agencies and trainings will be developed to meet the needs of the agencies. Issues of how to identify will be included in the trainings.
